

PUB QUIZ NIGHT

@ **BDP.**

Teambuild is an annual high-profile competition aimed at the best young professionals in the construction industry. Following on from the success of last year's inaugural Teambuild Quiz, 2008 and 2009 competition winners, BDP, will once again be hosting. Similar to the main competition, this is a chance to network in an informal environment, to test your knowledge and increase your awareness and personal contacts with other disciplines in the Construction Profession. You can attend as an individual or as a team: Teams registered on the evening will compete through six short themed quiz-rounds.

The overall winners will receive the 'Teambuild Quiz Champion' accolade.
