Teambuild is an annual high-profile competition aimed at the best young professionals in the construction industry. TeamBuild 2008 Winners, BDP, are hosting this inaugural TeamBuild Quiz event. Similar to the main annual event, this is a chance to network in an informal environment, to test your knowledge and increase your awareness and personal contacts with other disciplines in the Construction Profession. You can attend as an individual or as a team: Teams registered on the evening will compete through six short themed quiz-rounds.

The overall winners will receive the inaugural 'TeamBuild Quiz Champion' accolade.
